

How to add a person to your Skype call

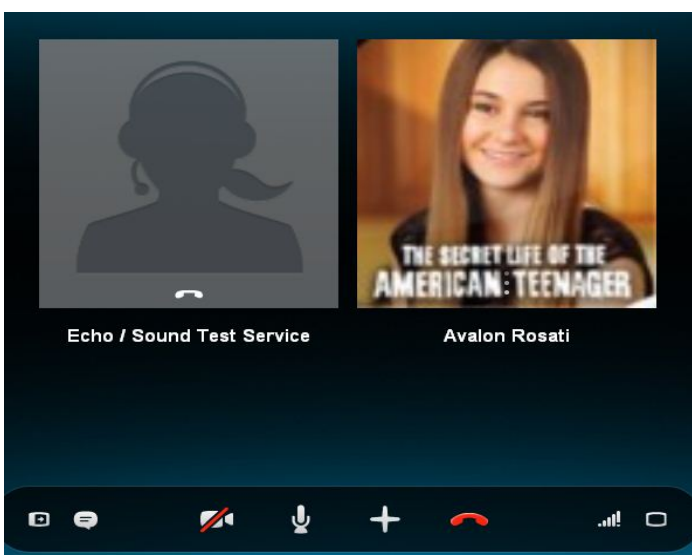

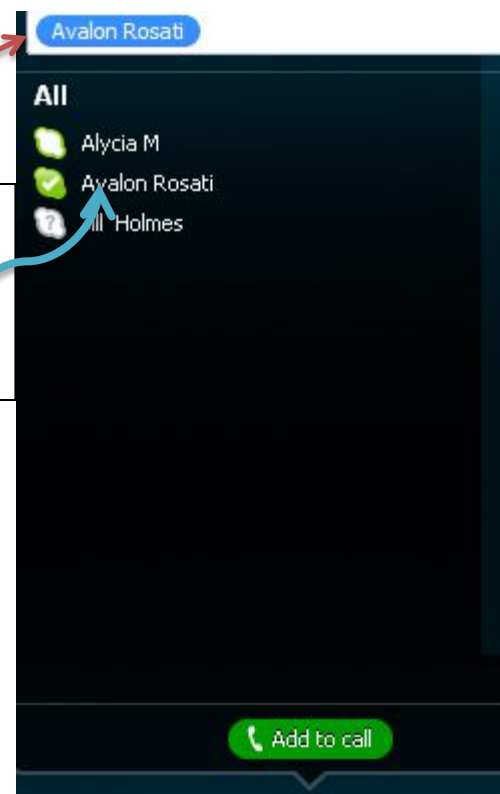

First, call one of the people you want to speak to. Then, click the add button at the bottom.

After clicking the add button, this tab should pop up. Click *Add People to This Call*.

After clicking *Add People to This Call*, this tab should pop up. A list of your contacts should appear.

At the top, type in the contact you want to add, or click on their name on your contact list.

Now you should be able to talk with both people. However, unless you have bought the ability to Conference Call, you will not be able to see both people.
